

Muhammad Mustahsan

Strategic Leader Driving Product Innovation & Engineering Excellence

About Me

A results-driven leader with **20+ years of expertise** in spearheading large-scale software development and engineering initiatives. Proven track record in building and empowering high-performing teams across diverse technology domains like Product / Application Development, Product Management, Data Analytics, DevOps, Data Science, RPA, Technical Support, Data Security and NOC.

Passionate about leveraging cutting-edge technologies (AI, Machine Learning) to solve complex problems and drive business growth. Adept at aligning teams with strategic goals, fostering collaboration, and delivering impactful results. Experienced in full software development lifecycles (SDLC), agile methodologies, and implementing robust tools and processes for efficient development, deployment, and monitoring.

Key Strengths:

- ✓ **Technical Leadership:** Proven success leading development and implementation of enterprise-level applications, web/mobile solutions, and ERP systems.
- ✓ **Team Building:** Fostering a culture of innovation, collaboration, and continuous learning among large and diverse teams.
- ✓ **Global Collaboration:** Excellent communication and relationship-building skills with a focus on working with international clients.
- ✓ **Strategic Vision:** Aligning technology solutions with organizational objectives to achieve sustainable growth.
- ✓ **Product/Program Management:** Product development, Product/ Program Management experience including Agile/Scrum methodologies.
- ✓ **Full Stack Development:** Extensive experience with both Microsoft (.NET, C#, ASP.NET, SQL Server) and open source (Python, Java, PHP, MySQL, Angular) technologies
- ✓ **Emerging Technologies:** Experienced in leading AI and data driven projects using latest AI tools (GitHub Copilot, OpenAI, Google Vertex AI) to enhance productivity and drive innovation.
- ✓ **ITOps/DevOps & SecOps:** Extensive exposure of managing IT, DevOps and data security teams and tools

Education/Courses

CODE Informatics & IT Training Services

Short Course - 2016

Software Quality Assurance

Barani Inst. Of Information Technology- UAAR

MCS- 2003 (BIIT)

CGPA: 3.4/4

National Institute of Electronics Islamabad

Short Course – 2000 (NIE)

Developing MIS

Punjab Information Technology Board Lahore

Certification – 2007 (PITB)

Management Essentials For IT Professionals

National Institute of Electronics Islamabad

Short Course - 2000

Computer Programming

National Institute of Electronics Islamabad

Short Course – 1999 (NIE)

Computer For Beginners
